Report by the President

WE HAVE THE LOAN FOR CONSTRUCTION

On August 25, 2008 we received a Commitment Letter from the United Bank approving our loan request of \$2,000,000.00 for refinancing the existing loan with PNC Bank with current balance of \$520,000.00, and additional \$1,480,000.00 for new construction. This finally completes all major requirements to proceed with the construction in our building on 10660 River Road, Potomac, MD of a large Chapel and Hall, as well as other related facilities. The Bank is proceeding with the appraisal, and the contractor, whom we selected after bidding, is providing bonds for widening of River Road and required drainage facilities. Our architect, Bob Vujcic will clear with the County the last revisions of the plans, in order to reduce the costs. All this together is expected to take 4-5 weeks and we are planning to start building in early October.

The contractor submitted a cost estimate of \$1,521,000.00. He is willing to allow us and our subcontractors to do a fair amount of work, which would bring the cost within our projected budget. The arrangement with the Bank is to charge during the construction a floating interest only, which is now 4.61%, and when construction is completed, 5 year fixed rate to be determined by the market (it is now 6.85%). We are currently paying to PNC 5 year fixed rate of 8%. The loan with the United Bank is for 25 years, with fixed rate determined every 5 years.

At current fixed interest rate of 6.85%, our monthly mortgage payment, after construction is completed, would be \$13,945.00. From this one should deduct \$4,611.63 which we are now paying to PNC, and \$2,600 which we would save in the priest housing allowance and rental to the school. Excluding these, our additional monthly income requirements for mortgage payment would be \$6,733.00. Furthermore, over the last 3 years – if we exclude payments for construction, which we will not have - our average yearly net income was \$35,000.00 to 45,000.00.

Taken very conservatively, this would mean that we would need an additional \$4,000.00 or so per month, that is some \$1,000.00 a week, to finance our mortgage. Taken this way, this does not appear out of reach.

Of course, there will be additional costs, such as weekly maintenance of the premises, cost of energy and cost of living and such. Initially we will also have large lump sum costs, such as penalty payment to PNC, WSSC fees for additional water connections, similar fees to Pepco and Washington Gas, and building of the fence in the back of our property. For this we have a cushion of \$330,000.00 when we add our Operational and Building Funds, but we should try to keep these as much as possible for rainy days. THAT IS WHY IT IS SO IMPORTANT THAT OUR PARISHIONERS COME FORTH WITH THEIR PLEDGES THAT MIRAN VUCIC COLLECTED DURING OUR LAST CHURCH SLAVA. It is also of crucial importance that, once our facilities are completed, we use them in our religious, cultural, sport, and national activities, so that we can again become the center of our colony in the Washington area. This way we will not only be able to finance our current existence, but also to look forward to bigger and better things, such as New Decani in the Capital of this country.

Finally, I would like to express my appreciation for efforts of our parishioners who made all this possible: especially to our architect Bob Vujcic, electrical engineer Rasko Dabic, engineer and also a leader who is pushing things forward, Miran Vucic, surveyor Zoran Mijic, and last but not least, man of all seasons, builder and developer Pavle Rasevic. Furthermore, parishioners such as Donald Fish and many others, helped and will help in the construction.

Izvestaj predsednika

DOBILI SMO ZAJAM ZA IZGRADNJU !

25 avgusta 2008 dobili smo "Commitment Letter" od United Bank-e kojim se odobrava nasa molba za zajam od \$2.000.000.- za refinansiranje postojećeg zajma od \$520.000.- koji imamo od PNC banke i dodatnih \$1.480.000.- za predloženu novu izgradnju. To najzad završava sve glavne instance koje su potrebne za izgradnju velike Kapele i sale sa svim potrebnim uredjajima u nasoj zgradi na River Road-u u Potomku. Banka će sada da izvrši neophodnu procenu, a preduzimak, koga smo izabrali na tenderu, će da deponuje bondove za prosirenje ulice i za instalaciju cevi za odliv vode. Nas arhitekta Bob Vujcic sredice sa Montgomery County revizije planova koje je napravio da bi smanjio troškove. Očekujemo da će to sve u svemu da uzme 4-5 nedelja i mi planiramo da počnemo sa izgradnjom početkom oktobra.

Preduzimak je podneo ugovor sa troškovima od \$1.521.000. On prisaje da dozvoli nama i našim preduzimačima da radimo sami izvestan deo posla što bi nam pomoglo da održimo predviđen budžet. Aranzman sa bankom je da nam za vreme konstrukcije naplaćuje plivajući interst koji je sada 4,61%, a kada se završe radovi, fiksni interest na 5 godina na bazi trzista, koji je sada 6,85%. Mi trenutno placamo PNC banci 8%. Zajam sa United Bank je na 25 godina sa fiksnim interestom utvrdjenim svakih 5 godina.

Sa sadašnjim fiksnim interesom od 6,85% nasa mesecna hipotekarna otplata bila bi \$13.945. Od toga treba odbiti \$4.611.63 što više nećemo otplaćivati BNC banci, kao i oko \$2,600.- koje bi uštedeli na svestenikovoj "housing allowance" i kiriji koju sada placamo skoli. Kad se to odbije ostaje nam \$6.733.- dodatnog mesecnog hipotekarnog duga. Medjutim, treba uzeti u obzir da smo za poslednje tri godine - ako izuzmemo isplate raznih racuna za gradnju kojih više nećemo imati - imali prosečni godišnji čist prihod od između \$35.000.- i 45.000.- godišnje. Posmatrajuci vrlo konzervativno, to bi značilo da bi nam trebalo do-

datnih prihoda od oko \$4.000.- mesечно, ili \$1.000.- nedeljno da finansiramo nasu hipoteku. Tako posmatrano to ne izgleda nemoguće.

Prirodno, biće dodatnih troškova, kao na primer, održavanje imanja, troškovi energije i skok cena. Isto tako imaćemo u početku dosta velike jednokratne troškove, kao "panalty" za prekid zajma sa PNC, WSSC troškove za uključenje dodatnih vodenih uredjaja, isto to za Pepco i Washington Gas. Takođe, moramo da izgradimo ogradu pozadi našeg imanja. Za to mi imamo rezervu od \$333.000.-u nasen građevinskom i operacionom fondu. ali taj novac nam je potreban za svake eventualije. **ZATO JE IZUZETNO VAŽNO DA NASI PAROHIJANI ODGOVORE NA SVOJE "PLEDZEVE" KOJE JE MIRAN VUCIC SAKUPIO NA NASOJ PROSLOGODISNJOJ CRKVENOJ SLAVI.** Isto je tako vrlo važno da, kada završimo radove, upotrebimo prostorije u nasoj zgradi za verske, kulturne, sportske i nacionalne aktivnosti kako bi nasa crkva opet postala centar nase kolonije u Vasingtonu i okolini. Na taj način, ne samo da ćemo biti u mogućnosti da finansiramo naš danasnji rad, nego ćemo moći i da gledamo u budućnost sa većim ambicijama, kao na primer zidanje Novih Decana u prestonici ove zemlje.

Na kraju želeo bih da se zahvalim u ime nase crkvene opštine za napore naših parohijana koji su dobrim delom ovo omogućili, naročito našem arhitekti Bobu Vujcicu, električnom inženjeru Rasku Dabicu, inženjeru i istovremeno lideru koji ume da realizuje stvari, Miranu Vucicu, geometru Zoranu Mijicu, kao i izuzetnim kvalifikacijama našeg "faktotuma", građevinara i perduzimaca Pavla Rasevica. Drugi, kao Donald Fish i mnogi, pomogli su i još će pomoći u izgradnji koja dolazi.

FATHER'S ADDRESS

Dear Brothers and Sisters:

Once again, we find ourselves at the beginning of a school year and ecclesiastical year. By the time you read these words, our children will have started school again, and we, as a whole will be anticipating the new church year, which begins on September 14. The new year offers us a hope and opportunity for spiritual renewal in several forms. First, in getting out of some possible lazy routines acquired over the summer months, our minds and bodies are stimulated to return to their usual sharp forms. Students, after a few months off, are thinking in a more disciplined manner, and the rest of us, perhaps are getting back to our old routines. All of these guide our souls, minds, and bodies to "click on all cylinders", and lead to spiritual progress. Further, with the help of God and our diligent executive board and building committee, we are ever closer to achieving what we have all been waiting for: the beginning of construction of our church. It seems that the final pieces of this very complicated puzzle are being put into place, and we will soon break ground. After seven years, our church will become reality, if not in the form we anticipated at the beginning of the process. We will have a chapel able to accommodate our usual attendance, with room for growth, a respectable fellowship hall adequate for our needs, a parking lot, office space, and several classrooms to meet the needs of our learning community. All of this, God willing, will be achieved next spring or summer, while preserving the green space we enjoy and meeting county and state requirements.

Our new church will give us a home after wandering in the desert for some time. However, this blessing must be nurtured, as we learn from the multiple negative examples in scripture, set by the people of God who, after receiving God's blessings, failed to give thanks, and reverted to ungodly ways. For this, they were shunned by God, who allowed them to reap the rewards (or consequences) of their sins. They took advantage of what they were given, praising themselves, and not God, being prideful of themselves, and foregoing their responsibilities to God. The chosen nation of God saw themselves as better than any of God's creation, ultimately to find themselves defeated and enslaved by those they looked down on. Rather than seeing their faults, they blamed others, including God, and their turmoil continued. Finally, opening their eyes and seeing the light, they returned to their spiritual heritage in keeping with God's commandments, respecting their

neighbors and teaching their children to keep their lives focused on God. King David, having seen his countless sins, and acknowledging that sinfulness, offers to us as testimony, the majority of the Book of Psalms, which aims to help us acknowledge our sins, however great or small.

We too, dear brothers and sisters, have been blessed as well, more than we know. We have been blessed as individuals, as families, and as various communities. We have been blessed with material wealth (the average middle class family living in America can count themselves among the top three percent of wealthiest individuals in the world), with families, health, professions, education, all of which most of the world populations do not enjoy. I need not mention clean drinking water, medicine, rule of law among others, as clear examples of what we have been given. Likewise, let us not count our new church and facilities as our own accomplishment, but as a new lease on spiritual life as gifted to us by God. We can be sure that God will not, and has not allowed any church to succeed that is not offered to His glory. By the time construction is complete, we will have been wandering in the desert for almost eight years, with no home. Let us consider this time as a time of spiritual purification, atonement for our individual and community's past, coming to this end only through God's graciousness, who desires that everyone be saved.

Let us remember the mercy that our Lord Jesus Christ bestowed upon the multitudes, often reminding them after healing them, "Your faith has saved you" or "Go and sin no more". This is also our call, as we too, live in anticipation of being saved from our sins, which are the product of an intentional or unintentional marriage between the devil (the great deceiver) and our own selves. We mustn't allow vices such as demagoguery, lies, slander, gossip, pride, spite, and envy to drive us to lower and lower depths, surrendering control of our souls, and therefore rendering our church, our faith, and our lives as ineffective in the battle against evil, and ultimate union with God.

Please join me, dear brothers and sisters, in seeking God's grace to lead us to our desired goal; a church in which we may sing His praises, and offer to Him our prayers, our cares, fears, and hopes, allowing us to live out our earthly lives in a way pleasing to Him.

Your intercessor before the Lord,

Father Aleksa

SUNDAY SCHOOL STARTS SEPTEMBER 7TH

I was recently reading a book about Christian Education in the Orthodox Church. There was a line that really struck me. It stated that Christian education is not limited to the classroom. Rather, Christian education takes place in the church community.

You may think that it's strange of a Sunday School teacher to say that the classroom isn't the only place to learn, especially when I'm announcing the beginning of the Sunday School year. However, the point that I want to emphasize is that if a child is to grow in their Christian faith, they must receive an education and the main place to receive that Christian education is in the church. Their participation in the Liturgy is a piece of the education, as well as interacting with other children and adults in the church community. Then of

course, there is the religious education in the classroom. All of these pieces come together to help any student – from infant to adult - enhance their Christian education.

Some people may state that they are uncomfortable in church. As with anything that is new, there is always a bit of uncertainty. However, I encourage you to come to church. It may feel a bit awkward at first, however, you can learn from others by observing or by being a part of the Christian community.

Please bring your children to church and Sunday School. We look forward to having your child be a part of the St. Luke Serbian Orthodox Church community. See you on Sunday, September 7th!

YOUTH RETREAT IN LOS ANGELES

On August 6th, 42 teens from our Serbian Orthodox parishes across the country came together on the campus of USC in Los Angeles for the 3rd Annual High School Teen Retreat of the Serbian Orthodox Church. Teens from New York, Pittsburgh, Harrisburg, Cleveland, Chicago, Phoenix, San Diego, Fresno, and Los Angeles, as well as our own parish, joined together for 4 days of fun, fellowship and education.

The theme of the retreat was "Keyword God: R U Connected?", and the discussions focused on how we can maintain our faith in a world where the media impacts us each and every day. The group participated in some presentations with an Orthodox priest who works in the entertainment industry

as a producer for Christian based programming. During the free time, the teens spent an afternoon at Universal Studios, enjoyed a pool party, met some of the USC football players, played ping-pong (Natasha from San Diego defeated everyone, including the priests!), and spent time getting to know each other.

Plans for the 4th High School Teen Retreat is already underway for August 2009 and is open to any high school aged teens. We hope to have more teens from our parish join us for the next retreat which will be held somewhere in the Eastern diocese area.

COFFEE HOUR

We have had so many people preparing coffee hour recently, and all of our parishioners are very appreciative of the opportunity to visit with each other and have a delicious snack after Liturgy on Sundays. Thank you to all those who have helped to make our coffee hours such a pleasure. If anyone would like to volunteer for coffee hour, please call Sigi Beck Hodjera at 301-412-0330 to arrange a convenient Sunday.

FINANCIAL SUMMARY THRU AUGUST 10, 2008

Account	Income	Expenses	Net
Operating Fund	143,014	125,999	17,015
Mortgage Fund	14,609		
Principal		7,344	
Interest		24,938	
Total	157,623	158,281	(658)
Building Fund	11,348		
Renovation Pledges	28,490		
Renovation expenses		20,923	
Total	197,461	179,204	18,257

Thanks to many of you we have reached our projected goal for pledges for the renovation. However, since the Church represents the body of Jesus Christ on this earth, its status and activity reflect our dedication to and love for GOD, I would appeal to all of you who have not yet made a pledge to do so. The amount is not as important as your written commitment to the support and growth of our Church. In this way all will feel that this is truly our Church and that we are all a part of this renovation.

CHURCH CHOIR

We are trying to expand St. Luke's choir to include several singers in each part so that we are able to support not only Sunday services but also weddings and funerals. We would like to start with rehearsals this fall, two 90 minute rehearsals a month. Some of the most beautiful pieces of sacral Orthodox music by Mokranjac, Josif Marinkovic, Marko Tajcevic, Bortnjanski, Kedrov and other composers will be on the repertoire. There is no audition and no formal music education is required. All parishioners with good voice and ability to sing are cordially invited to join in. Friends of parishioners are welcome too. Rehearsals will be held at St. Luke Serbian Orthodox Church, 10660 River Road, Potomac, Maryland.

Frequency, duration and time of rehearsals can be changed in the course of time to suit most of the singers.

Let's try to keep our beautiful spiritual tradition of choral singing alive for years and decades to come.

If interested in joining, please send an e-mail to Zoran at: 73bucalo@gmail.com or call (301)299-2704 and leave the message with the contact information.

CRKVENI HOR

Ove sezone zelimo da prosirimo crkveni hor crkve Sv. Luke kako bismo imali po nekoliko pevacu u svakom glasu. Zelimo da hor bude u mogucnosti ne samo da odgovara na nedeljnim liturgijama nego i da da svoj doprinos i drugim crkvenim sluzbama: vencanju, opelu, vecernjoj sluzbi itd. Planiramo da pocnemo sa probama tokom jeseni, po dve probe od 90 minuta svaka, dva puta mesечно. Uvezbavamo najljepša muzicka dela iz srpske tradicije duhovnog pojanja kao i drugih istaknutih kompozitora pravoslavne muzicke tradicije, pre svega ruske. Nema audicije za prijem u hor a takodje se ne trazi nikakvo formalno muzicko obrazovanje. Dovoljno je da kandidat/kandidatkinja ima solidan sluh i glas i da voli da peva. Ukoliko parohijan ima druga/drugaricu koga bi zeleo da dovede, i on/ona bice vise nego dobrodosli.

Probe ce se odrzavati na nasem imanju, 10660 River Road, Potomac, MD.

Raspored i duzina proba prilagodice se mogucnostima i zeljama vecine pevacu.

Ukoliko ste zainteresovani da se pridruzite, posaljite e-mail Zoranu na: 73bucalo@gmail.com ili ostavite poruku na telefonu sekretarici (301)299-2704.
