## HRISTOS SE RODI ! SRETNA NOVA GODINA ! CHRIST IS BORN ! HAPPY NEW YEAR !

Dear parishioners and friends,

The Holy Days of Christmas and the New Year 2007 are upon us. Those are the days of joy, when God gave us the greatest proof of His love of mankind, by sending us His Son to lead us from a primordial sin and give us a choice of eternal life. The New Year is also a day that give us a chance to turn a new leaf and improve ourselves morally and materially. In the name of the Church Board and myself I wish to share with you the joy of the birth of our Lord Jesus Christ, and the hope that this New Year will be happy and prosperous.

This New Year promises also great changes in our parish and our Church life. As you can see from my report to the Annual Assembly, all the negotiations with the County and the Maryland state are about to be completed and we should soon expect to obtain a building permit. With this in hand we can hopefully start to sign contracts with builders and proceed with work.

What we now need is strong support from our parishioners, both financial and material. We have good possibilities for a construction loan but we need sustained support by the parish to be able to generate mortgage payments. I hope that your Christmas contribution will be a good start in this direction. We will also need help in physical work for demolition and other efforts, which could permit us to reduce construction costs. Please get in touch with Zoran Mijich (703-528-2514) or me (301-229-0445)

.It took us a very long time to get to this point. Now we have a chance to realize our dream to have our own place of worship, a social hall, and room for other activities. Please help us in this endeavor ! A self-addressed envelope is attached.

With these thoughts and prayers I wish you all the best for the Great Holidays.

**Zoran Hodjera**

## FATHER'S MESSAGE

Dear Parishioners and Faithful in Christ:

With the Christmas season upon us, it is easy to become distracted by such activities as shopping, preparing for the new year, and even getting last minute bills paid and other obligations fulfilled before the new year. While all of these things are necessary and fruitful endeavors in our lives, bringing joy to our loved ones, we must always be mindful of one more obligation that we have. That is to give freely of ourselves. For all of the blessings that we have received, it is incumbent upon all of us to give back to God, by means of giving to others. This can be done in any number of ways from volunteer efforts, donating clothing, food, and money to those in need, offering friendship to the downtrodden, and making financial contributions to any number of charitable organizations, including, but not limited to our local church. We can

share the joy of this great feast in a multitude of ways, bringing joy to others and to ourselves, through the blessings of our God. Let us remember that the feast we are celebrating is the incarnation of God, to dwell with man, blessing and sanctifying the world and all creation.

With my family, I look forward to seeing and worshipping with all of you in these great days. We wish you all peace and joy, that can only be obtained through the blessings of the Almighty God.

Peace of God! Christ is Born!

Father Aleksa Micich

## \* \* \* GET WELL WISHES TO ZORAN MIJIĆ \* \* \*

The First Vice President of our Church School Congregation, who is also in charge of construction, Zoran Mijich, had a very serious surgery at the Fairfax Hospital on November 28. We are pleased to report that the surgery was very successful and, after spending a week in the hospital, he is at home convalescing from the ordeal. We wish him a very speedy recovery, especially since we are missing his input in the preparations for the construction of our Church Building. Na mnogaja ljeta !!

## ПОРУКА ОЦА АЛЕКСЕ

Драги парохијани и брацо и сестре у Христу:

Како нам се примичу празници, лако је да се ометемо активностима као што је куповина, припреме за нову годину, или чак плаћање рачуна који су се појавили у посљедњи минут или било којих других обавеза прије нове године. Мада су све ове ствари неопходне за наше животе, и за радост наших најдражих, морамо бити свјесни још једне обавезе коју имамо. То је да дајемо од себе несебично. За све благослове које смо примили, јако је важно да и ми дајемо натраг Богу, тако што ћемо помагати друге. Ово се може остварити на много начина, тако што ћемо рецимо волонтирати, донирати одјећу, храну и новац онима који их требају, тако што ћемо понудити пријатељство паћеницима, или ткао што ћемо дати финансијску помоћ хуманитарним организацијама, укључујући ту и нашу цркву. Можемо подијелити задовољство

овог празника на разне начине тако што ћемо пренијети наше задовољство на друге и саме себе, кроз благодати нашег Бога. Не заборавимо да празник који слаavimo је прослава инкарнације Бога у човјеку, благодарења и посвећивања цијелога свијета и свега створеног.

Заједно са својом породицом са радошћу исчекујемо да се видимо и заједно са свима вама слаavimo овај велики празник. Желимо вам свима мир и срећу, који једино могу да се остваре кроз благосиљања нашег свемогућег Бога.

Мир свима! Христос се роди!

## PRESIDENT'S REPORT

### **Building permit process**

This year was dedicated to completing plans for the expansion of the Church building and starting the building process. In April, completed plans were submitted to Montgomery County, and, after receiving comments requiring adjustments in the plans, they were resubmitted on August 1 and approved in principle a month later. However, the Maryland State Highway Authority required also widening River Road to establish a deceleration lane of 250 feet, (instead of 170 feet that we projected), and to install a large drainage pipe of 2x3 feet size along the front and western side of our property,

In order to expedite the building permit process, Paul Rasevic and I spent the whole day on October 10, visiting the County and the State Park and Planning offices, where the decision was still pending. Three problems were still unresolved: 1) A bond of \$57,000.00 as a guarantee for the completion of the drainage pipe, and 2) another bond for \$85,000.00 as a guarantee for the completion of the deceleration lane. We obtained from PNC bank letters of credit for both bonds, so that we do not have to disburse our money. (Upon the completion of work the bonds will be withdrawn). 3) Two weeks ago, Father Alex and I spoke to the Forestation Division to solve the third problem, i.e. the requirement by the county to place an additional 1/3 of an acre of our property for the permanent reforestation easement and to plant 100 trees at our expense (\$9,000.00). After negotiations, we obtained an option to pay a tax of, initially \$15,000.00 and later \$9,975.00, to avoid this requirement. We further found out that their plan understated the extent of our existing forested area, so that we are submitting a new corrected plan, which would

require a still smaller tax. Once this is all settled we can finally expect to get the building permit.

### **Bank financing**

We have two issues regarding financing of our property. One was refinancing of the existing loan which was under fixed interest rate for five years, and the other is financing of the new reconstruction.

Unfortunately, the interest rate has risen since 2001, so that, for the current loan, instead of 6.98%, we will be paying 8% for the next five years. I was able to obtain a small discount (from 8.25%), but this still means that we will be paying higher monthly payment for the current loan. For the expansion of the building we were able to obtain a construction loan and we will be able to draw from the bank monies to be paid for the work done, and pay only interest on that amount. Once the work is completed we would consolidate all the expenses into one loan for 25 years, with 5 years fixed interest determined at that time. I believe that is the optimal way to finance the construction.

### **Our financing and help**

We are not in such a terrible situation financially. Once we exclude payments for the forthcoming construction that were already paid, we are covering our operating costs. In addition, once the construction is completed, we would save monies for the school rental and for Father's housing allowance. Although this will provide us with some leeway, this will not be enough to cover operating costs and future payments for both loans. For this reason we all must

## REPORT OF THE TRESURER

We are eagerly anticipating receipt of our Building Permit in January and then to starting the renovations for our new Church Home. I think it will be easier for you to understand our financial needs by providing summary data. For the years 2002 through November 2006 donations for the day to day operation of our Church totaled \$776,910 while expenses totaled \$922,394. The Executive Board decided to allocate the deficit of \$145,484 to mortgage payments and 'borrowed' that money from the Building Fund.

During this same period of time donations to the Building Fund totaled \$264,148 with expenses related to the renovations totaling \$160,513. This resulted in a net gain of \$103,635.

Therefore, the net loss to the Church was \$41,849. I know that many of you did not give as much money as you could have given because you were unhappy with the property we purchased, our inability to use our property for Liturgy, the nature of the proposed renovations, your perception of nothing being done, etc.. However, all of that is essentially behind us now.

The plans should be approved shortly. We have committed ourselves to bonds with the County totaling about \$130,000 to assure them that we will properly install the required drainage ditches and construct the required deceleration lane from River Road. This year's annual assembly approved a budget that reflects a 12% increase

Наша деца, наша будућност, имају пробе

фолклора сваке недеље на црквеном имању са почетком у 17:30ч (најмлађа група) за прославу Св. Саве. Позивају се сви родитељи да доведу децу да би имали довољно времена да се уклопе.

Ове године пробе ће се наставити и након прославе Св. Саве током цијеле школске године са још неколико наступа

планираних за послје.

make an effort and increase our financial commitment. Also we will depend on our young people and our artisans to help us do a certain amount of work, which would decrease our expenses. Right now we were able to rent an office in the building at \$1,000.00 a month for six months or more to a state road-building crew. If we all pitch in financially and physically, I have no doubt that we will succeed.

### **Church life during the year**

We can be reasonably satisfied with the performance of our parish this year. As Father Aleksa noted, Church attendance has increased. We welcomed some new members, but some old members have drifted away. The attendance at major Holidays was very good, and was at a record at our Church Slava and St. Sava. We also had a successful Djurdjevdan and the three summer picnics. The poor weather decreased somewhat the attendance at Vidovdan, but we were able to sign petitions to the President, the Secretary of State and Senators from Maryland and Virginia in support of freedom and security of non-Albanian population in Serbian Kosovo. We are grateful to Father Victor and to Marina Evdochenko Wells for leadership in a massive support parishioners of St. Johns Russian Orthodox Church have given to our petition.

We are also grateful to Proto George Rados and the parishioners of our neighbor, St. Peter and Paul Antiochian Orthodox Church, for allowing us to use their beautiful Church during the Great Holidays of Christmas and Easter and also for renting to us their Hall for our Church Slava

and St. Sava celebrations.

But above all we would like to express our great appreciation to members of our Circle of Serbian Sisters Mala Gospojina headed by Nina Lojanica, for their great and selfless effort in providing wonderful food and ambiance for the Great Holidays and adding to the meat fare prepared by our men. They contributed by roasting this year lambs and pigs on the spit, taking care of the bar, preparing the cevap, and helping the Church in every way. Our Sunday School, under the leadership of Becky Kesic has also made great strides in their efforts to reach our young generation.

We would also like to congratulate Milan Visnick, Treasurer of the Diocesan Council to his election to the Central Church Council.

Last, but not least, I would like to express appreciation to the members of the Executive Board for their hard work and help in providing new horizons to our Church.

We are in the process of an historical effort, which – I believe – will yield important results if all of us put our shoulders to the wheel. I know that we can do this and we will do this. I would like to thank all parishioners who accepted a burden to get through these difficult years without the proper home and place to worship. Now we have a bright light at the end of the tunnel, and we should seize the occasion and achieve what we must achieve. And I am sure that we will !! Thank you very much.

Zoran Hodjera

## **KOLO'S NEWS**

Nina Lojanica, President of our Kolo, would like to thank all those people who helped to set-up, cook, bake, serve, clean up and transport our belongings for our very successful St. Luke Slava. Of course, we have our St. Sava Slava coming up on January 27. Please call Nina to volunteer for one of the many opportunities to help make a successful event. Phone: 703.866.9170.

The next Sisters meeting will be on January 14. after Liturgy, at our Church building. We will finalize plans for St. Sava and set a date for the Annual Meet-

ing of the Kolo. **NEW MEMBERS ARE WELCOME!**

We have had a great response to requests to last coffee hour after Liturgy: many new volunteers and many Sunday School parents, who are especially busy with their young children. Thank you! If you would like to volunteer for a Sunday from February 18 onward, please call our Coffee Hour Chairman, Sigi Beck Hodjera, at 301.412.0330, or see her during coffee hour to schedule your preferred date.

over that of last year. What is needed now is for all of you to make the necessary promise to GOD to support your Church.

The median donation last year was less than \$3 per week. Certainly every one can afford to give more than that. What is needed is for every one who did not give that much to the Church in the past to really give a minimum

of \$5 every week – whether you attend the liturgy or not. Those who gave more than \$3 per week should consider increasing their donation by at least 12% for this coming year. Many are generous enough when they come but give nothing when they do not attend. We need a constant income in order to meet our expenses.

RADOMIR PERICA

1924-2006

With great sorrow we are reporting that our parishioner Radomir Perica passed away on November 21, after a short illness. Born in Belgrade, he was educated at its Academy of Applied and Fine Arts. During World War II, he was part of the democratic resistance fighting the Nazi occupation. Right after that war he was employee at the American Embassy in Belgrade and was arrested by the communist authorities on trumped up charges. He spent six years in the communist prison where he was tortured, which had an effect on his health in later years.

Released from prison through American intervention, he was able to immigrate to this country and became a world-class artist, designer and publisher. He headed his own art studio "Radomir" for over 20 years and pursued his own vision, interpreting world

When our Church united with that of Nova Gracanica, he became our parishioner. An unassuming and private person, he was beloved by his family and friends. He left behind his loving wife, Mary, two daughters, Nikoletta Ilich and Simonida Uth and a grandson Nicholas. He will be greatly missed.

Imamo odlične mogućnosti da dobijemo zajam za izgradnju ali nam je potrebna ozbilj i dugoroćna pomoć da bi mogli da redovno placamo povećan hipotekarni dug. Nadam se da će vasi Boćicni prilozi biti dobar poćetak u tom pravcu. Takodje nam je potrebna fizićka pomoć u demoliranju i pripremi za proširenje zgrade – sto bi nam znaćajno smanjilo troškove. Molimo vas da po tom pitanju dodjete u dodir sa Zoranom Mijicem (703-528-2514) ili sa mnom (301-229-0445).

Trtebalo nam je dugo vremena da dodjemo do ovog

## GREAT ACHIEVERS AMONGH US

We are proud to announce that, last month, Dr. Drazen Zimonjic, from NIH, became member of the Serbian Academy of Sciences and Arts. Three years ago, Dr. Stanko Stojilkovic, also from NIH, was elected to the Academy

Washington, D.C. is a city with most living members of the Serbian Academy of Sciences after Belgrade, Novi Sad and maybe Paris!

Meteorologists Fedor Mesinger and Zavisa Janjic, biologists Stanko Stojilkovic and Drazen Zimonjic, anatomist Branislav Vidic, political scientist Alex Dragnich and chemist Mihajlo Simic.

It is very difficult to be selected among all living Serbian scientist and artists into membership of the Academy. Currently there is only about 170 members from all fields of science and arts, which makes the success of those elected even more significant.

Among former members of the Academy were Nikola Tesla, Mihailo Pupin, Stevan Mokranjac, Ivo Andric...

Website of the Serbian Academy of Sciences and Arts is at: [www.sanu.ac.yu](http://www.sanu.ac.yu)

Congratulations to all of you, gentlemen, and in behalf of our entire parish we wish you many more successful projects, very long and prosperous careers and good health na mnogaja ljeta!

Sixteen year old Damjan Korac is a Junior in Walt Whitman High School in Bethesda, MD.

Six years in a row he has been on a list of High Achievers published every year by the Washington Post. He never received a grade lower than A.

Stellar performance on the PSAT in October, when he got a perfect score, put him in the top 1% of students in the whole country and earned him a spot in the National Merit Scholars semi-finals.

On the SAT in November, Damjan earned the exceptional 2300 out of maximum 2400 points and is taking five Advance Placement courses this year.

He plays clarinet in the Walt Whitman Symphonic Band and also joined the All-County Band after passing an audition.

He is a member of his school's varsity Swim and Dive team and has been swimming in the Sea Devils for many years.
