Драга браћо и сестре:

Радujem се што могу да вас опет поздравим у време Божићних празника, у време када прослављамо љубав Божију и дело спасења човечанства са радосним поздравом: Мир Божији! Христос се роди!

Сваки од нас има разлога да ових дана буде захвалан за нешто, али би најпре и највише требали да будемо захвални Богу због Оваплоћења Његовог Сина, Господа Исуса Христа.

Кроз овај историјски и спасоносни догађај Бог је имао у плану да сједини Бога и човека и да избави човечанство од пропасти и робовања Сатани. Кроз рођење Господа Спаситеља, Бог нас директно позива да прихватимо љубав Његову коју нам слободно нуди, да се сјединимо са Њим, насупрот робовању Ђаволу и легионима његових палих анђела.

Наш први изазов је да будемо будни у препознавању лажи и превара које долазе од Сатане (јер његово име и значи

преварант-варалица-кушач), како би одолили његовим искушењима којима нас заваљава. Када успемо да одолимо оваквом изазову, онда ћемо бити у стању да учествујемо у највећем догађају искупљења човечанства.

Стога драга браћо и сестре, прихватимо тај изазов свакодневно а не само у време Божићних празника, како не би били преварени, те да би били у стању да започнемо наш земаљски и духовни живот прихватањем онога што је Бог за нас с љубављу урадио.

У име свих чланова управног Одбора и наших фамилија, поздрављам вас са радосним поздравом:

**МИР БОЖИЈИ! ХРИСТОС  
СЕ РОДИ!**

Ваш молитвеник пред  
новорођеним Младенцем  
Христом,

Јереј Алекса Мићић

## IZVESTAJ NOVOIZABRANOG PREDSEDNIKA

Dragi parohijani i prijatelji,

U narednoj godini mislim da bi prioritet nase crkvene zajednice trebalo da bude u analiziranju nasih mogucnosti, zelja i planova. Crkva, kao duhovna i nacionalna zajednica, ne moze da opstane, a jos manje da se gradi i prosperira bez siroke i nesebicne podrške svojih parohijanaca. I pored cinjenice da u Vasington/Baltimore regionu nekoliko hiljada srpskih porodica, manje od 100 su redovni clanovi nase parohije. U takvoj situaciji i pored mnogih godina pozrtvovanosti, nazalost od malog broja parohijanaca, Srbi i dalje nemaju crkvu u glavnom gradu SAD. Resenje ovog problema je vrlo jednostavno i ocigledno: ukljucivanjem veceg broja ljudi i njihovom stalnom finansijskom podrskom.

Razumljivo je da su mnogi u nasoj zajednici razocarani i nemotivisani trenutnim stanjem nase crkve. I pored svog angazovanja opet smo doziveli jos jedan zastoj na putu rekonstrukcije naseg imanja. Mala je verovatnoca da cemo dobiti gradjevinsku dozvolu do septembra 2009 godine. Ovo odlaganje ce imati finansijsku posledicu na nas operativni fond, jer ako ne povecemo prihode,

taj neplanirani dodatni trosak moracemo pokriti sa novcem iz naseg rezervnog fonda.

Kao novoizabrani predsednik crkve Sv. Luke u Vasingtonu za 2009 godinu, moja zelja i plan je da se pre svega posvetimo deci i omladini, a i da stabilizujemo nasu finansijsku situaciju. Nasa deca moraju imati crkvenu zajednicu koja ce im izgraditi i negovati osecaj pripadnosti pravoslavnoj veri i narodu. Moja zelja je da se nas podmladak ukljuci u zivot nase crkve i da je usmeri i ponese u buducnost. Njihova pomoc nam je neophodna da negujemo duh srpske crkve, i organizujemo kulturne i humanitarne akcije. Vasa pomoc nam je neophodna da pruzimo mogucnost nasoj omladini da razviju svoj duhovnost i ne zaborave svoje hriscanske i nacionalne korene. Po pitanju budzeta, pokusacemo da razvijemo dodatne izvore prihoda i umanjimo postojece rashode. Potrudicemo se da ukljucimo u nasu crkvu veci broj ljudi iz nase zajednice u Vasington i okolini, i da ohrabrimo parohijance da podrzavaju gradjevinski fond i veruju u buducnost nase duhovne zajednice. Bicemo strpljivi u oce-

*(Continued on page 3)*

(Continued from page 2)

kivanju gradjevine dozvole, medjutim, moramo biti spremni i za slucaj da nam se ne odobri.

Mislim da niko od nas ne bih zeleo da se nadjemo u istoj situaciji za godinu dana a da nismo otvorili mogusnosti za alternativno resenje.

Mogu vam obejavati da ce nasa crkvena uprava nesebicno raditi i da ce dati sve od sebe da razvije nasu parohiju kao duhovnu zajednicu

koja ce biti centar mnogih nasih aktivnosti i kojom cemo se ponositi. Nazalost, bez obzira na nas trud, nase zelje se nece ostvariti bez stalne i znacajne podrške velikog broja ljudi iz nase zajednice.

Sve najbolje u Novoj 2009 godini i srecan Bozic

Ivan Aksentijevich, M.D

## PRESIDENT'S REPORT

### DEVELOPMENTS IN THE PROCESS OF CONSTRUCTION

Two weeks ago we received the permit by the Fire Marshall for the plans of internal construction for the new extension of the Church building. This is a final and very important step because of the planned dual occupancy of our building: the assembly area on the lower level and the private occupancy on the upper level. This would permit us to obtain the building permit and start construction, once the zoning issue is completed.

As pointed out at the end of October, the county has raised the issue of zoning regarding our property. Due to the exchange of parcels of land between previous owners of our property and the property which is now Antiochian Church, our property consists of part of recorded lot (Pt. of lot 26) and a parcel of land (P700) which were not replatted together at that time. This issue did not arise when we purchased the property because there was no building involved. Now the County has required [according to the County Code, Section 50-20(b)] that the property be re-platted together before the construction starts. Our engineering company suggested, and we immediately instructed it, to apply for a "minor" subdivision approval which would have required some three to four months. This meant that we could have started construction in February,

However the Planning Committee of the Park and Planning Board did not agree with the proposal of minor subdivision approval. It required that – before the construction starts - the property must go to regular subdivision process prior to assembling the land into one re-recorded lot. This is a lengthy

two-step procedure requiring first the approval of a *preliminary plan* of subdivision, and then the *approval of the record plat* of subdivision, followed by recording it in the Land Records of the Montgomery County. Such a procedure would last until the end of summer.

At the recommendation of our lawyer we have appealed to the Supervisor of the Planning Board, requesting that we be allowed to proceed with construction with the guarantee (supported by an appropriate Bond) that we would complete the rezoning process after the building is completed. This is especially so because the pie shaped section of land in front, near the Antiochian property, does not involve in any way our building construction, but only the site plan where no building is planned. In the meantime we have already started with a preliminary procedure (which can be always postponed or altered) in order not to lose time. If our appeal is approved, we would be able to start construction immediately, weather permitting.

This is, we believe, the last stumbling block before the start of construction. Paul Rasevic will, with the approval of the Assembly and of the Bishop in hand, talk to the United Bank and apprise it of the situation. Our loan appears to be in good shape, particularly since the interest rates have fallen. We need patience and we hope that it will all turn out for the best.

**Hristos se rodi!**

## PRESIDENT ELECT'S REPORT

Dear parishioners and friends,

In light of this fast approaching New Year, our church community needs to take a step back and explore its options and initiatives for the coming year. It is clear that no church can survive and even less, grow, without support from its community. That said, although in the Washington-Baltimore metropolitan area there are several thousands Serbian families, less than 100 families are paying members of the church parish. Unfortunately, despite years of sacrifice from a relatively small number of people, Serbians still do not have a church in Washington DC. The reasons for this are twofold: The Church has not expanded its reach into the Serbian community to commit to the Church and to support it on continual basis. On the other hand, good part of our community has not shown interest to participate in our religious and cultural activities.

It is understandable that our parishioners are becoming disenchanted and frustrated with the way things are going. It appears that despite all of our efforts we have suffered yet another setback with the building of our church. Unless an extraordinary change of opinion at the county level, it does not look like we will receive a building permit until September 2009. This will obviously add cost to our building budget which is already being partly depleted to cover expenses related to the operation of the church.

I do not expect anything extraordinary in 2009. The most important change will be our renewed focus on our children and young adults.

We need to build an environment where our children will develop a feeling of belonging to a community. Hopefully we will be able to motivate them and engage them in meaningful activities which will help move this church forward into the future. Regarding the building issue, we will wait for the process with the county to take its course. However, we need to be ready for the eventuality that we do not get the permit. The last thing we want in one year from now is to be at the same place we are today and not have at least considered alternative ways to solve our problem. Regarding revenue, we will focus on ways to improve revenue and trim current costs. We will reach out to the community at large. We will continue to encourage people to donate to the building fund.

I can promise that the new church board will work selflessly and that we will do our best to lead our parish in a direction that will eventually give us a church we can all be proud of and around which our community will be able to have a vibrant life. However, let it be clear that none of this will happen if we do not change our state of mind and commitment to the church. Our church will never rise without the constant support of our community.

All the best in 2009 and Merry Christmas.

Ivan Aksentijevich, MD

*Danica Novacic completed her medical doctor residency in December 2008 at University of MD Medical Center. She will start working in January 2009 as a hospitalist at Baltimore Washington Medical Center.*

Sa zadovoljstvom i ponosom vas obavestavamo da je Danica Novacic uspesno zavrсила specijalizaciju kao doctor medicine u Univerzitetskoj bolnici u Baltimoru i dobila posao u Baltimore Washington Medical Center u Glen Burnie. Nije bilo lako ali Danicina upornost i ambicioznost su na kraju dokazali da može mnogo da se postigne ako se čovek fokusira. Ovo je inače Danicin drugi fakultet a još nismo sigurni da li je i poslednji. U svakom slučaju ovo je za primer našem mlađem narastaju i Danicina poruka mladima je: "Učite, učite jer u znanju je spas"

## ST. LUKE'S OPANCICI

You see them every St. Sava and at times they have brought cheers, smiles and even tears to your eyes... Our beautiful Opancici! Opancici has been St. Luke's Traditional Folklore Group for over 12 years now, and has become one of the most popular ways for our children to feel connected with their heritage. Kids from all ages throughout our community gather to learn more about their culture, meet other children of similar backgrounds, and to just have fun! Expressing their culture through dance, not only brings a tremendous sense of pride to our children, but it is also a unique way to show off their many talents to the larger Serbian community. Look out for them at this year's Sveti Sava!

Please join us at our next practice on January 4th from 6:30 p.m. - 9:00 p.m. at our Church property. All children and parents are welcome!
